

# Clinical Psychologist working with children recovering from trauma

Psychology Associates is a dynamic, creative and expert independent practice of like-minded clinicians who are all passionate about making a meaningful difference. We are looking for a HCPC Registered Clinical Psychologist to join our existing team of Clinical and Educational Psychologists, Speech and Language Therapists and Occupational Therapists.

Due to continued expansion we have a new post available suitable for a newly qualified psychologist or a more experienced clinician. The clinician will receive training, support and supervision tailored to individual need. They will work within our Ofsted rated outstanding Adoption Support Agency and with looked after children, in education settings, private or statutory (NHS) referrals and within our MDT. There are significant opportunities for development within the broader Psychology Associates provision.

## Opportunities

Psychology Associates has a robust commitment to training and we take great pride in maintaining high levels of CPD amongst our team. The role will include:

- Plenty of opportunities to get involved in a wide range of clinical interventions.
  - Access to monthly specialist supervision.
  - Support with specialist areas of development.

We are a family friendly and flexible employer who operate a no-blame, non-hierarchical culture, where everyone has a voice and contributes to the team. If you would like to join a team that is continually striving to make a meaningful difference, through creative and dynamic support and interventions, we would love to hear from you. We are committed to improving diversity and welcome all applicants.

The successful candidates should have excellent organisational and communication skills, should be highly motivated and able to manage their workload to meet deadlines.

If you are ready for a new challenge, then please call to discuss as this opportunity may be just the boost you are seeking.
